

COVID-19 Information

2022-2023

THE HEALTH & SAFETY OF OUR DANCE FAMILY IS OUR TOP PRIORITY!

The health and safety of our students, staff, and families is our top priority, and we want to ensure that all students and families feel safe, comfortable, and excited taking class in our space! Below is information in great detail regarding our safety procedures and guidelines for dancing at our studio during the COVID-19 pandemic. Please note that while we are being extraordinarily thorough in our safety procedures by choice, many of these guidelines are in fact required in order to open our facility. We appreciate your understanding and cooperation. Modifications will be made as needed throughout the season.

FOLLOWING CDC GUIDELINES

PLEASE make sure to follow the up-to-date CDC guidelines as far as quarantining, the number of days you must remain out and wearing a tight fitting mask once you are able to return after being out the allotted amount of days after having COVID-19

OUR FACILITY

Our class schedule, enrollment capacities, and dance studio spaces have been carefully crafted for us to operate at a capacity to reduce exposure and allow for proper social distancing in safe participation. The **dance room** is outfitted with taped markings on the floor for each dancer to have their own assigned number. Each dance number is spaced apart to keep dancers safely distanced.

OUR WAITING ROOM

Our **waiting room** is Drop Off Only and remains closed. Additionally, in-person transactions or fittings/sales of apparel, shoes or dance items at our office can be made by appointment.

DROP OFF & PICK UP PROCEDURES

Parents of Classes listed as ages 3-5 may walk their child up the stairs and into the waiting room where they can help put on their dance shoes. Once they are ready for class, we will ask you to exit the waiting room and either wait in your cars or leave and return at the end of the class to pick up your child.

Please keep careful track of your dancers' belongings when entering/exiting. We will not have a **lost & found** collection at this time and will have to dispose of items left at the studio at the end of each day.

PROCEDURES IN CLASS

Please limit **personal belongings** brought into class.

Face coverings are optional in the building at this time

*Any student exhibiting any symptoms of COVID-19 including, but not limited to fever/chills, cough, or shortness of breath will not be admitted into the facility. If a student **exhibits symptoms** while in class, a parent/guardian or emergency contact will be contacted to immediately pick up the child. While waiting, the student will be seated in a separate room away from others.*

If you have any questions or would like to schedule an appointment to tour our facility, please do not hesitate to contact us. We are committed to providing a high-quality and safe learning experience and environment for every dancer!
